

For 27 years, the Americans with Disabilities Act has made a difference in millions of lives, including my own, by prohibiting discrimination on the basis of a disability and requiring accessibility in places of public accommodation.

Mr. Speaker, H.R. 620 decimates the underlying intent of the ADA by allowing entities to wait before addressing barriers to access. It would roll back years of progress, and it sends a message to the disability community that we are not worthy of being included like everyone else. I urge my colleagues to consider the true implications of this policy.

Mr. Speaker, I was injured in 1980, a full 10 years before the ADA was enacted. I remember what our country was like before the ADA. I do not wish to go back. Instead of weakening our civil rights, let us work together to protect them.

CONGRATULATING ACCUWEATHER ON ITS 55TH ANNIVERSARY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to congratulate AccuWeather as it celebrates 55 years of serving communities, businesses, and institutions around the world.

In 1962, Dr. Joel Myers founded AccuWeather to help people plan their lives, protect their businesses, and to make the most of their days.

Dr. Myers has led an impressive career as a fellow of the National Meteorological Society and one of the top entrepreneurs in American history. Today, AccuWeather is the world's largest weather and digital media company, reaching nearly 2 billion people at least 29 million times each day. Proudly, it is headquartered right in State College, Pennsylvania.

Throughout the years, the company has expanded its offices to New York, Montreal, and Tokyo, just to name a few, but it has always called Pennsylvania home, and it has been a major employer for decades in the Commonwealth.

Over 55 years, AccuWeather continues to build upon its main mission: to improve people's lives.

Mr. Speaker, I congratulate AccuWeather on 55 years of service, accuracy, trust, and protection they have offered to people around the world.

RAISING AWARENESS FOR CENTRAL COAST VETERANS CEMETERY

(Mr. PANETTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PANETTA. Mr. Speaker, I rise today to recognize a group of veterans

from the 20th Congressional District in California: Rick "Phin" Phinney, Steve "Pops" Culver, and Hy "Crash" Libby, the three "black sheep" from the American Legion Post 31, who are about to complete an epic motorcycle ride across our country to raise awareness and financial support for the Central Coast Veterans Cemetery.

Two weeks ago, I met and sent off the three riders and their crew at the Central Coast Veterans Cemetery, and tomorrow, all of them will arrive at the Arlington National Cemetery. Throughout that epic ride, they have been carrying a large American flag, and once they get here, that flag will be flown over the Tomb of the Unknown Soldier.

The veterans will then return that flag to Central Coast Veterans Cemetery where it will be proudly flown over that hallowed ground.

Having driven 10,000 miles through 21 States, the three black sheep will truly have an epic ride. From our community's veteran cemetery there on the central Coast to our Nation's veterans' cemetery here in our Capital, this journey will not only support the Central Coast Veterans Cemetery, it will serve as another demonstration of what our veterans do best: serve those who serve our Nation. And for that, I not only recognize Phin, Pops, and Crash, I honor them and I thank them, once again, for their service.

PULMONARY FIBROSIS AWARENESS MONTH

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, I rise today to call attention to September being National Pulmonary Fibrosis Awareness Month and the bipartisan resolution that I and the gentleman from Tennessee (Mr. COHEN) have introduced.

Pulmonary fibrosis is an incurable lung disease that impacts 200,000 Americans, and for those who aren't familiar with it, you may be surprised to learn that the mortality rate for those with pulmonary fibrosis is as high as those with breast cancer. It kills one American every 13 minutes—40,000 Americans die each and every year. There is no known cure, and there is no known reliable treatment to relieve its symptoms nor prolong the life of its victims.

Eighty percent of those who contract pulmonary fibrosis do not live more than 5 years after receiving that diagnosis, and the median survival rate is just half that time.

Mr. Speaker, I will continue my efforts in working with the National Institutes of Health as well as patient advocacy groups to find a cure for this deadly disease.

UNITED UNDER THE DREAM ACT

(Mr. LOWENTHAL asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. LOWENTHAL. Mr. Speaker, too often we hear about our country being divided, and yet when it comes to the Dream Act, the message is clear: our country is united.

A wide majority of Americans and nearly 70 percent of Republicans want us to pass this legislation. They want us to provide permanent legal status to DREAMers—800,000 people who are working hard, studying in our universities, contributing to our economy, and serving in our military.

Mr. Speaker, I demand that we bring up the Dream Act for a vote. We cannot force these young people, who have received DACA, to wait any longer to know that America wants them to live here.

THANKING ALL WHO RESPONDED TO HELP AFTER HURRICANE IRMA

(Mr. ALLEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ALLEN. Mr. Speaker, this week, Hurricane Irma brought devastation to south Florida and many parts of the Southeastern United States, including the 12th District of Georgia.

In times of disaster, Americans come together and show their love and support for one another, and I thank all of our first responders, law enforcement, our military, and Good Samaritans for their extraordinary service in this time of need. Your selflessness saved countless lives in this unprecedented storm.

I thank Governor Deal, President Trump, and FEMA, and all 19 counties in the 12th District of Georgia that were included in the Federal emergency declaration authorizing FEMA to provide direct Federal resources to our district.

Visit disasterassistance.gov to learn about the options available to you. It is the greatest honor of my life to represent the people of Georgia's 12th Congressional District, and my office is here to help in any way we can. If you need any help in the aftermath of Hurricane Irma, please do not hesitate to reach out. America is resilient.

The American people are resilient when we come together as one, and now we must assess the damage and help each other rebuild our communities.

PROTECTING DREAMERS

(Mr. VEASEY asked and was given permission to address the House for 1 minute.)

Mr. VEASEY. Mr. Speaker, DREAMers are bright, hardworking people who simply want to live in peace and contribute to the only country they know as home. They worship in our churches, serve as teachers and nurses in our schools and hospitals, and some even defend our country in the military.

Additionally, every DACA recipient passed extensive background checks
